

Bus Tour Around Iwate Koiwai Farm

Ride a chartered bus around a private manufacturing area and around historical structures considered as cultural treasures.

For over 120 years, Koiwai Farm has had a history of "creating a green environment, from dairy farms to forests". The new barns and milking facilities, facilities that are considered integral to the recycling business by generate electric power from waste and compost, and exclusive dairy products are considered cultural assets. It is a bus tour that will show you "the true form of Koiwai Farm". Koiwai Farm has been elected by the local committee of ICOMOS to be among the "20th World Heritage Top 20".
