

Experience nature in Hachimantai! ~Kayak Half-Day Tour~

A kayak is a closed-deck canoe, where one sits with legs facing in front and paddles with a double blade paddle.

Spend a wonderful time at the cobalt blue Lake Takizawa, Japan's deepest lake. The surface of the lake water reflecting the blue skies will make you feel like you are floating. Why don't you grab this chance to try out this paddle sport, enjoy nature, and spend a wonderful time with your friends and family? This is a good experience, even for beginners! You will get to learn the basic paddling techniques!
