

□ Ninja Experience Program

A ninja-themed activity inside Shizukuishi snowland at the space adjacent to the hotel.

This is a Ninja athletics activity, where one could conquer the snowy mountain, walk like a ninja, and other ninja activities--both children and adults. A ninja patrol goes around the ski slope during Saturdays and holidays, and participants can take pictures with our staff who are dressed up like ninja. Post the picture on Facebook, show it to a ski center staff, and get a special gift, limited to the first 20 guests!
